Masterclass - Legal Requirements of Family History Societies

Are you an executive member of your society's Management Committee? If so, you may be interested in attending a Masterclass presented at the conference by our Newcastle FHS Vice President who is legally trained & will guide you through what you should know about such things as incorporation, your constitution, copyright, privacy, your society's insurance, & the obligations of committee members from a legal perspective. If you have other areas that you would like to see discussed, email us so these can be incorporated into the presentation.

There are still places on the program for speakers with new & interesting family history presentations - please get in touch.
